“My very own goat saved the family from hunger.”

—Thabani at age 11, a fatherless boy in Zimbabwe

Give a Goat

Save a child's life with milk, cheese, and much more

Dairy goat milk provides great protein to help children grow. The family can sell surplus milk, cheese, and yogurt at the market to earn money for medicines and other necessities. Plus, fertilizer from goats can increase the amount of vegetables grown in a family garden. It's hard to think of a better gift than a goat... unless it's 2 goats!

Sheep give plenty of milk, cheese, and wool for children

It's easy to see why **sheep are among our most popular gifts**. One healthy ewe gives highly nutritious milk for essential protein, vitamins, and minerals. Plus plenty of wool to knit warm sweaters and blankets. It's the perfect gift to celebrate the birth of Jesus—the Lamb of God.

“With her milk, our lives have been changed!”

—Irangani, Sri Lanka

A dairy cow can give a family 5,000 gallons of milk

In the 2011 True Spirit of Christmas tour, we met a mother named Irangani and her new cow, affectionately named Choooti. **“When a family like us receives a cow...we are suddenly overjoyed and our sorrows disappear,”** says Irangani. And with good reason. One cow gives up to 5,000 gallons—or 350,000 glasses—of milk in its lifetime. That's enough to provide plenty of protein and calcium for children.

—Victoria Marin, a grandmother in El Salvador
With her new chickens, Victoria is blessed to be earning money to take care of her grandson.

Chickens and eggs!

Sometimes miracles come with feathers. Chickens are a beautiful gift of nutritious food for a hungry family. Fresh eggs mean protein and other essential nutrients, and the sale of extra eggs provides money for clothes, medicine, and other needs. Chickens are easy to breed—so your gift can grow and multiply to share with neighbors and ultimately make a better life for the whole village.

Ducks bring hundreds of eggs and extra income

At just \$30 for 5 ducks, this is one of the best values you'll find anywhere. These ducks will produce hundreds of nutritious, protein-rich eggs to feed a family year-round. And both eggs and ducklings can be sold for extra income. 10 ducks will multiply even faster.

How ducks are keeping families afloat

Thousands of families in countries like Bangladesh lost their food and livelihood when torrential rains killed their chickens. That's why World Vision is helping them switch to duck farming. After all, a flood that could be deadly for a chicken is just an adventure for a duck.

5 ducks just \$30

28 farm animals can save 10 families from hunger

With this truly life-changing gift, you'll provide ample protein and vital nutrition—including milk, eggs, meat, and more—for years to come. As the animals multiply, families can sell surplus food for extra income. A bountiful and enduring blessing!

The World Vision Difference

How your gifts of animals do more good than you can even imagine

When you give any animal through World Vision, a family will get much more than just the animal. Here's how:

Animals are distributed to families and community groups, along with things like feed and vaccines.

Because livestock produce offspring, they give a family the power to pass on their blessings and help transform their entire community.

Families are trained in animal care and agriculture, so their children have healthy, balanced diets.

Soon, families have extra animals, eggs, or dairy products to sell so they have money for school, healthcare, and clothing.

5 ducks + 2 chickens

Just \$55 can feed families year-round!

Eggs may be God's perfect food—packed with protein and vital nutrients. You'll give 2 or more families the wings to soar above hunger and poverty with animals that will keep multiplying to fill their egg baskets again and again.

Rabbits

Blessings that really multiply

God created rabbits to be among the most prolific animals on earth. One pair of rabbits can easily produce 50 rabbits in a single year. Not only is this a fantastic way to help feed hungry children, but it's also a great small family business to help provide education and more.

A hardworking donkey gets the goods to market

A donkey is a wonderful gift for a struggling family. They can help transport produce, firewood, or other goods to sell at market—or can carry a sick child to a distant clinic. They're reliable and hardworking animals that can live for 30 years or more—hauling a family to self-sufficiency and a better life.

The World Vision Difference

Contaminated water infects and kills children

Around the world, one in six people does not have access to safe water. According to researchers, well over half of all childhood deaths are connected to dirty water. Through World Vision, you have a variety of ways to stop children's suffering by fighting these waterborne diseases.

CHOLERA is a severe bacterial infection that causes children to have extreme diarrhea and vomiting. Transmitted through contaminated drinking water, it can lead to death.

GIARDIA is a highly contagious parasite that causes severe diarrhea and dehydration, and often kills babies and toddlers.

TYPHOID attacks a child with heavy sweating, diarrhea, and sustained high fever that can lead to delirium and cause death.

Lift a child out of suffering

Aphronine, at age 8, had typhoid and malaria. She was stunted, weak, and incredibly sick. Clean water helps turn lives like hers around.

“We are very grateful for the well.”

“Before, we used to draw water at a stream 500 meters from the village. That water was not clean, but this water is clean. There were a lot of diarrhea cases before. Now, not so many. We are very grateful for the well!”

—Eina at age 14, Zambia

Give a water well and save children's lives

Pray. That's the first thing our well-drilling teams do when they come to a thirsty community. They take their work seriously, because they know that dirty water and poor sanitation are major contributors to the deaths of about 1.5 million children every year. Help one of our teams drill a well and fit it with a hand pump. One well can provide **2,800 gallons of safe, life-sustaining water every day for up to 300 people.**

Your gift will save lives for years to come, and help transform an entire community.
